        C                       F                       D
On a day like today we passed the hours away
          G                       C          G
Writing love letters in the sand.

             C                                F                  D
How you laughed when I cried, each time I saw the tide
                 G                        C
Wash those love letters from the sand.

                    E                        Am
You made a vow that you would always be true
             D                        G
But somehow that vow meant nothing to you.

            C                                F                  D
Now my poor heart just aches, with every wave it breaks,
         G                    C
Over love letters in the sand.
