A            A            D<sub>maj7</sub>            E            D<sub>maj7</sub>            A  
Tonight I'm gonna break away, just you wait and see

A            A            D<sub>maj7</sub>            E            D<sub>maj7</sub>            A  
I'll never be imprisoned by, a faded memor-y.

A            A            D<sub>maj7</sub>            E            D<sub>maj7</sub>            A  
Just when I think I'm over her, and this broken heart will mend

A            A            D<sub>maj7</sub>            E            D<sub>maj7</sub>            A  
I hear her name and I have to cry, these tears come down again

A                            D<sub>maj7</sub>            E            A  
It happens all the time, this crazy love of mine,

A                            D<sub>maj7</sub>            E            A  
Wraps around my heart refusin' to unwind

D<sub>maj7</sub>            E            D<sub>maj7</sub>            A            D<sub>maj7</sub>            E            D<sub>maj7</sub>            A  
Ooh,            ooh            crazy            love, ah,            ha,

A                            D<sub>maj7</sub>            E            D<sub>maj7</sub>            A  
Count the stars in a summer sky, that fall without a sound

A            A            D<sub>maj7</sub>            E            D<sub>maj7</sub>            A  
And pretend that you can't hear, these teardrops fallin' down
