C                      G                      C  
 Desert love in your eyes all the way  
 C                      G                      C  
 if I listen to your lie would you say  
 F                      G  
 I'm a man without conviction  
 F                      G  
 I'm a man who doesn't know  
 F                      G  
 How to sell a contradiction  
                     F                                      C                      G  
 You come and go. You come and go-oh-oh

C    G                      Am  
 Karma Karma Karma Karma Karma Chameleon  
                     Dm                                      Am                      G  
 You come and go. You come and go-oh-oh  
 C    G                                      Am  
 Loving would be easy if your colours were like my dream  
                     Dm                                      Am                      G  
 Red, gold and green. Red, gold and green-ee-eeen

C                                      G                      C  
 Didn't hear your wicked words every day  
                     C                                      G                                      C  
 And you used to be so sweet I heard you say  
                     F                                      G  
 That my love was an addiction  
                     F                                      G  
 When we cling our love is strong  
                     F                                      G  
 When you go you're gone forever  
                     F                                      C                      G  
 You string along. You string alo-o-ong

F                                      Em  
 Every day is like a survival  
 Dm                                      Am  
 You're my lover not my rival  
 F                                      Em  
 Every day is like a survival  
 Dm                                      Am - G  
 You're my lover not my riv      al
