

Don't Think Twice – Bob Dylan

1                    5                    6m                    4                    1                    5

It ain't no use to sit and wonder why, babe. It don't matter, anyhow.

1                    5                    6m                    2                    5

And it ain't no use to sit and wonder why, babe, if'n you don't know by now.

1                    17                    4                    2

When your rooster crows at the breaks of dawn look out your window and I'll be gone

1                    5                    6m                    4 1                    5                    1                    5

You're the reason I'm traveling on. Don't think twice, it's all right.

1                    5                    6m                    4                    1                    5

It ain't no use in turning on your light, babe, the light I never knowed.

1                    5                    6m                    2                    5

And it ain't no use in turning on your light, babe. I'm on the dark side of the road.

1                    17                    4                    2

I wish there was somethin' you would do or say to try and make me change my mind and stay

1                    5                    6m                    4                    1                    5                    1                    5

We never did too much talking anyway, so don't think twice, it's all right.

1                    5                    6m                    4                    1                    5

It ain't no use in calling out my name, gal like you never done before.

1                    5                    6m                    2                    5

It ain't no use in calling out my name, gal. I can't hear you anymore.

1                    17                    4                    2

I'm a-thinking and a-wond'rin' walking down the road, I once loved a woman, a child I'm told

1                    5                    6m                    4 1                    5                    1                    5

I give her my heart but she wanted my soul. Don't think twice, it's all right.

1                    5                    6m                    4                    1                    5

Walkin' down that long lonesome road, babe. Where I'm bound, I can't tell.

1                    5                    6m                    2                    5

Goodbye's too good a word, babe, so I'll just say fare thee well.

1                    17                    4                    2

I ain't saying you treated me unkind. You could have done better but I don't mind.

1                    5                    6m                    4                    1                    5                    1

You just kinda wasted my precious time. But don't think twice, it's all right.
