

# When my Blue Moon Turns to Gold Again

C G  
Memories that linger in my heart  
C  
Memories that make my heart grow cold  
G  
But someday they'll live again sweetheart  
F G C  
And my blue moon again will turn to gold

## CHORUS:

G  
When my blue moon turns to gold again  
C  
when the rainbow turns the clouds away  
G  
When my blue moon turns to gold again  
F G C  
You'll be back within my arms to stay

G  
The lips that used to thrill me so  
C  
Your kisses were meant for only me  
G  
In my dreams they live again sweetheart  
F G C  
But my golden moon is just a memory

G  
The castles we built of dreams together  
C  
Were the sweetest stories ever told  
G  
Maybe we'll live them all again  
F G C  
And my blue moon again will turn to gold
